SWISS SLEEP

SENSUAL. FULL OF CHARACTER.

Bed Ais

Bed Ais

from riposa

The bed Ais – a fascinating interplay between clear lines and soft curves. The designer bed from riposa is a tactile experience that appeals to all the senses with its elegance, lightness and functional simplicity. The bed Ais was created by Swiss designer Jörg Boner and is made from solid Swiss ash wood.

Designed by Jörg Boner

Jörg Boner has been designing products, rooms and furniture in his design studio in Zurich since 2001. Jörg Boner was a lecturer at ECAL Lausanne between 2003 and 2013 and has received numerous awards, including the Swiss Grand Prix Design (2011). His work combines beauty and elegance with functionality and innovative manufacturing.

Solid ash wood

The bed Ais is made from the best quality Swiss ash wood in our carpentry workshop in Glarnerland. riposa uses only solid, carefully selected wood with a white core.

Swiss sleep system

Optimum sleeping comfort can only be achieved with a complete, perfectly coordinated sleep system. With the bed Ais, for the first time riposa is offering everything you need for a healthy, positive sleeping experience from a single source – from the bed and base to the mattress and pillow.

Pillows

In the riposa studio we manufacture matching pillows especially for our bed Ais using the finest textiles from Kvadrat. Our pillows can simply be hung, laid or folded over or on the headboard. Kvadrat textiles guarantee first-class quality and meet the highest environmental standards as well as being resistant and easy to clean. The pillows for the bed Ais are available in a Double or Single version.

Double pillow

Colour traits

Colours highlight new character aspects of ash wood. In addition to the classic «Nature» version, the bed Ais is available in «Night Blue», as shown, as well as in «Carmine Red», «Light Grey» and «Silk White» – to add a very personal touch to your bedroom.

«The bed Ais from riposa is a fascinating synthesis of round, soft shapes and straight, clear lines. The interplay between these opposites creates a visual tension that characterises the design as a whole. The focus always remains firmly on people. The bed is the border that shelters and protects us when day changes to night.»

Jörg Boner, designer of the bed Ais

«riposa is an investment in your health – developed with years of experience and manufactured in Switzerland.»
